## Introduction

---

The Real Estate Assessment Center (REAC) is a U.S. Department of Housing and Urban Development (HUD) national management center created to centralize and standardize the way HUD monitors and evaluates the physical condition, as well as the financial condition of HUD properties. This includes over 3,000 Public Housing Agencies (PHA) and over 30,000 Federal Housing Administration (FHA) multifamily insured, direct loan, HUD-held, and Section 8 project-based subsidized properties.

The Physical Assessment Subsystem (PASS) is a Web-based subsystem developed by REAC to monitor the physical condition of HUD properties based on on-site physical inspections. One component of PASS is Scheduling where inspection schedules are managed.

### ***Objectives***

The purpose of PASS Servicing Mortgagee Scheduling is to provide Servicing Mortgagees with a tool to effectively manage physical inspection scheduling details.

Servicing Mortgagees have access to property and scheduling information within their own organization. Servicing Mortgagees can search for inspection schedules, based on specified criteria (e.g., city, dates, etc.), and can modify basic property information. As a Servicing Mortgagee, you will select HUD REAC certified inspectors to work for your organization. From those inspectors you can select one or more to be Master Schedulers for your organization. The Master Scheduler is responsible for scheduling your organization's inspections to Independent Inspectors. Not all of your properties have to be scheduled by your Master Scheduler. The Servicing Mortgagee can schedule inspections as well.

The Servicing Mortgagee can download information (e.g. inspection schedule, inspection property, and inspection participant information), edit and update information directly to REAC's database using the Bulk Upload Process.

## Accessing Servicing Mortgagee Scheduling

### Security

PASS Servicing Mortgagee Scheduling is a secure, Web-based system containing sensitive public housing information. A HUD-issued user ID is required to access the system. Authorized users only have access to inspection scheduling information for properties associated with their FHA number.

Authorized users for PASS Servicing Mortgagee Scheduling includes:

- Servicing Mortgagees
- HUD REAC certified inspectors responsible for scheduling inspections (Master Schedulers), and conducting on-site physical inspections (Independent Inspectors) at HUD properties
- HUD REAC personnel responsible for monitoring HUD properties

### Authorized User Login

To access PASS Servicing Mortgagee Scheduling, a user must log in using their six-character HUD-issued user ID (e.g., M11111).

#### **To access PASS Servicing Mortgagee Scheduling:**

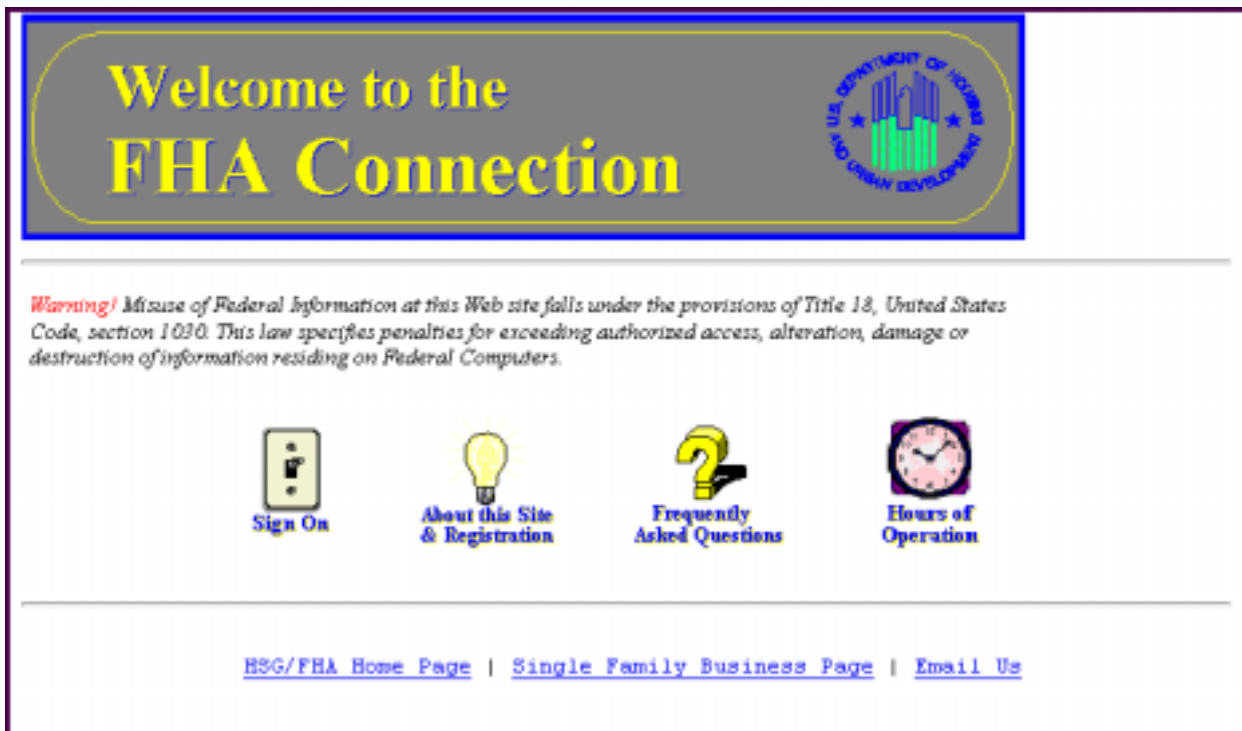

1. Open the Internet browser (e.g., Netscape). The example shown is the **Yahoo** main screen.

2. Enter the following URL address in the *Location* field: **https://entp.hud.gov/clas**

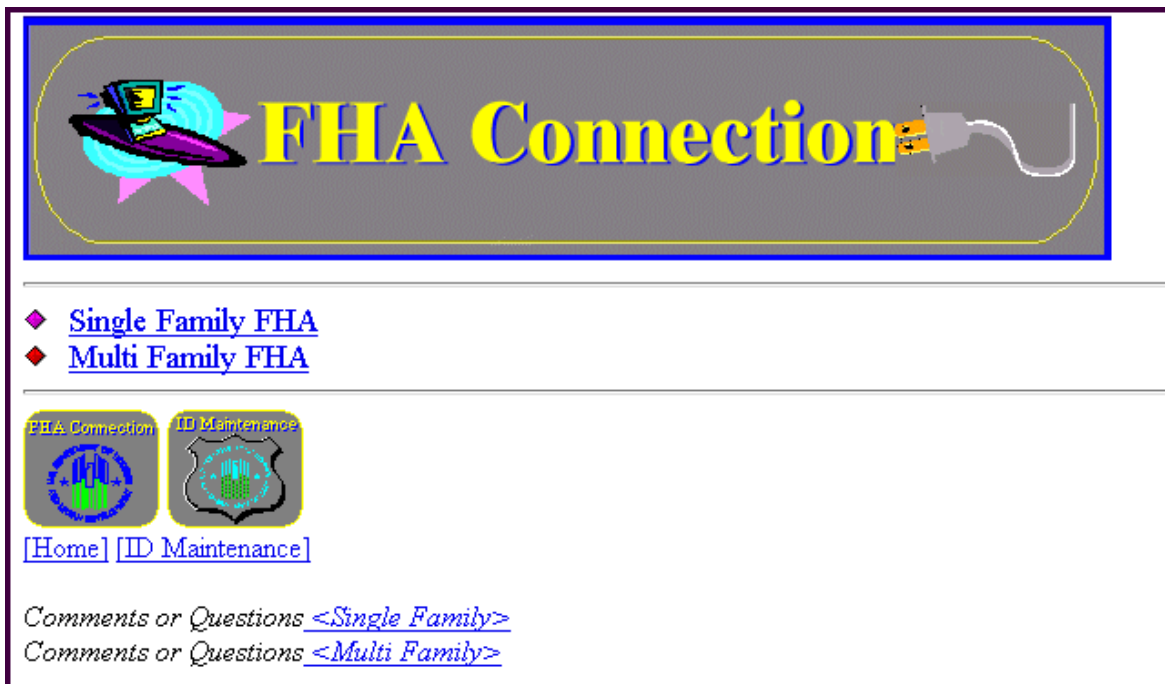

The **Welcome to the FHA Connection** screen displays.

3. Click on the **Sign On** icon. The **Username and Password Required** window displays.

A screenshot of a "Username and Password Required" dialog box. The dialog box has a title bar with the text "Username and Password Required" and a close button. The main text inside the dialog box says "Enter username for unknown prompt at hudapps.hud.gov:". Below this text are two input fields: "User Name:" and "Password:". At the bottom of the dialog box are two buttons: "OK" and "Cancel".

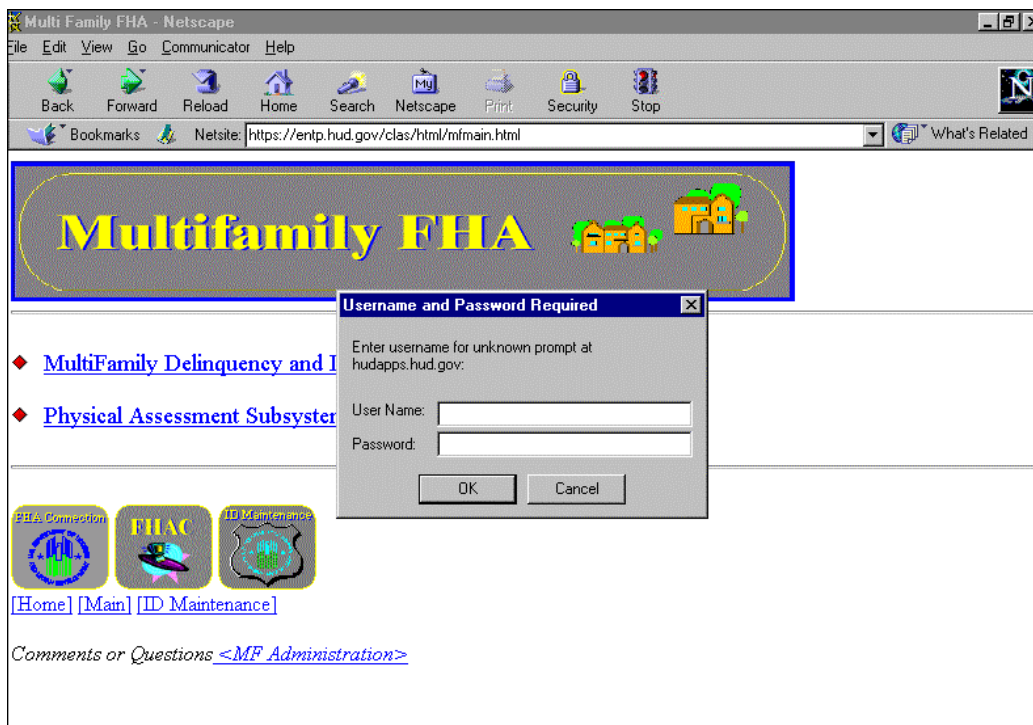

4. Enter your user ID (e.g., M11111) in the *User Name* field. The user ID is case-sensitive; remember to use a capital letter when entering the user ID.
5. Tab to the *Password* field and enter your password. The password is also case-sensitive; enter the password exactly as you entered it on the registration application.
6. Click on the  button. The **FHA Connection** screen displays.

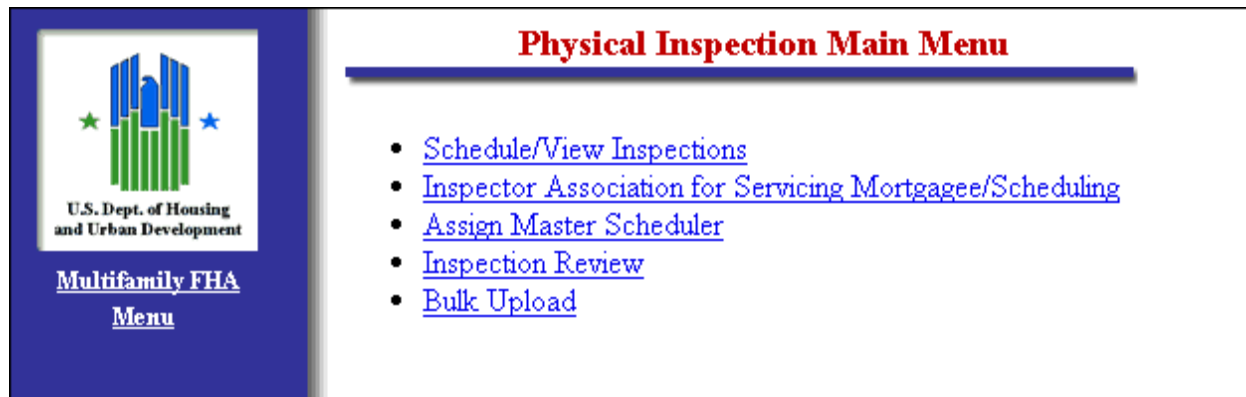

7. Click on the Multi Family FHA link. The **Multifamily FHA** screen displays.

8. Click on the [Physical Assessment Subsystem](#) link. The **Username and Password Required** window displays.

9. Enter your user ID in the *User Name* field. Enter your password and click on the  button. The **Physical Inspection Main Menu** displays.

As a Servicing Mortgagee, there are five functions available. Each of these functions is addressed separately in this guide, with the exception of Inspection Review. The user guide, *Inspection Review Quick Reference Guide for Servicing Mortgagees* detailing this function is available.

## Inspector Association for Servicing Mortgagee/Scheduling

### Inspector Association for Servicing Mortgagee Screen

The **Inspector Association for Servicing Mortgagee** screen allows the Servicing Mortgagee to select certified REAC inspectors to work for their organization. From this screen, Servicing Mortgagees can also remove a selected inspector from their roster of inspectors.

[Physical Inspection Main Menu](#)  
[Schedule/View Inspections](#)

Inspector Association for Servicing Mortgagee	
Feature	Description
	<p>This drop-down menu allows the Servicing Mortgagee to sort the inspector list in different ways: by inspector ID, inspector name, home state, and home city. Sorting saves time when searching for a specific inspector.</p>
	<p>These buttons allow Servicing Mortgagees to view information on the previous screen or next screen. In this example, there are 25 records on the current screen. To display the remaining 5 records click on the Next button. Once records 26-30 are displayed, click on the Prev button to return to records 1-25.</p>
	<p>Sets the number of records displayed at one time. The system automatically displays 25 records at a time. Records display in increments of 25, 50, 75, 100, 200 or 250 on a screen.</p>
	<p>The list of inspectors can be noted on more than one page. To view another page, select a different page number from the drop-down list.</p> <p>For example, if viewing page 5 of 10 pages, and the Servicing Mortgagee selects page 8 from the drop-down list, page 8 displays.</p>
	<p>After selecting inspectors, the Servicing Mortgagee uses this checkbox to display only those inspectors working for the organization. If there are a total of 25 inspectors to select from and only 2 inspectors are selected when the checkbox is selected, then the screen redisplay with only those 2 inspectors.</p>
	<p>When a Servicing Mortgagee wants a particular inspector to work for their organization they click in the checkbox for that inspector under the <i>Add</i> column. The system places a checkmark in the appropriate checkbox for the selected inspector(s). The Servicing Mortgagee selects all of their inspectors and then submits. The selected inspectors are then assigned to work for their organization.</p>

Inspector Association for Servicing Mortgagee	
Feature	Description
	When a Servicing Mortgagee wants to remove a particular inspector from their organization they click in the checkbox for that inspector, under the <i>Remove</i> column. The system places an <b>X</b> in the checkbox for the selected inspector(s). The Servicing Mortgagee submits and then the selected inspector(s) are no longer assigned to work for their organization.
	This button either adds or removes an inspector(s) from the Servicing Mortgagee's list.
	This button returns all fields to the original information.
<a href="#">Physical Inspection Main Menu</a>	<a href="#">Physical Inspection Main Menu</a> link returns the Servicing Mortgagee to the <b>Physical Inspection Main Menu</b> screen where other PASS components can be accessed.
<a href="#">Schedule/View Inspections</a>	The <a href="#">Schedule/View Inspections</a> link takes the Servicing Mortgagee to the <b>Schedule/View Inspections or Portfolio</b> screen.

**To access the Inspector Association for Servicing Mortgagee/Scheduling screen:**

Click on the [Inspector Association for Servicing Mortgagee/Scheduling](#) link on the **Physical Inspection Main Menu** screen.

[Physical Inspection Main Menu](#)  
[Schedule/View Inspections](#)

***To Add an Inspector(s) to the Organization's List of Inspectors:***

1. Review the list of inspectors, and click on the appropriate checkbox under the *Add* column for the inspector(s) to be designated to work for the organization. A black checkmark appears in the checkbox.

Inspector Id	Inspector Name	Home State	Home City	Add	Remove
<a href="#">M00519</a>	Ling Charles	VA	McLean	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

2. Click the Submit button once all of the inspectors are selected on this screen. The screen redisplayes with a red checkmark in the box under the *Add* column for each inspector selected. The selected inspectors are now assigned to work for the organization.

***To Remove an Inspector from the Organization's List of Inspectors:***

1. Review the list of inspectors, and click on the checkbox under the *Remove* column for the inspector(s) you wish to remove from the organization's list of inspectors. A black checkmark "✓" appears in the checkbox.

Inspector Id	Inspector Name	Home State	Home City	Add	Remove
<a href="#">M00519</a>	Ling Charles	VA	McLean	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

2. Scroll to the bottom of the screen, and click the Submit button once the inspector(s) to be removed have been designated. The screen redisplayes with a red X in the checkbox under the *Remove* column for each inspector selected. Those inspectors are no longer included on the organization's list of inspectors.

***To Display a List of Selected Inspectors to Work for the Organization:***

1. Scroll to the middle of the screen and click on the box next to the field.

☐ Show only selected

The screen redisplay shows only those inspectors selected to work for the organization.

- Assign one or more of the inspectors the Master Scheduler responsibility, once the selected inspectors are designated to work for the organization. By assigning this responsibility, they are authorized to schedule inspections for themselves and to other selected inspector(s) on behalf of the organization.

## Assign Master Scheduler

### Assign Master Scheduler Query Screen

The **Assign Master Scheduler** query screen is used by the Servicing Mortgagee to assign an inspector as a Master Scheduler for all or specific properties. As a Master Scheduler, this person is responsible for scheduling inspections for those properties assigned to them.

Once a property has been assigned to a Master Scheduler, the Servicing Mortgagee can use this screen to change the Master Scheduler of an assigned property.

The **Assign Master Scheduler** query screen allows Servicing Mortgagees to search for specific inspections that:

- Need to be assigned to a Master Scheduler
- Are already assigned to a Master Scheduler

The system automatically displays under the *View* section, the option of *View Unassigned Inspections* as being selected.

Searches can be narrowed in scope by entering specified criteria such as City, State, Zip Code, Ideal Future Inspection Date, Inspection Numbers, FHA Number, and Property IDs.

The screenshot shows the 'Assign Master Scheduler' web interface. At the top, it says 'Please enter your selection criteria and click the "Submit" button to retrieve the properties for which a Master Scheduler is to be assigned.' Below this is a 'View' section with two radio buttons: 'View Unassigned Inspections' (which is selected) and 'View Assigned Inspections'. There is a 'Select Master Scheduler' button. The 'Selection Criteria' section includes fields for 'Property:', 'City:', 'State:' (a dropdown menu showing 'Alaska' and 'Alabama'), 'Zip Code:', 'Ideal Future Inspection Date:' (with 'Begin' and 'End' date pickers), 'Inspection Number:' (with 'From' and 'To' range pickers), 'FHA Number:' (with a '(No Dashes)' note), and 'Property ID:' (with 'From' and 'To' range pickers). At the bottom are 'Submit' and 'Reset' buttons, and a link for 'Financial Institution Main Menu'.

Assign Master Scheduler	
Feature	Description
<input checked="" type="radio"/> <b>View Unassigned Inspections</b>	This radio button displays all inspections that have not been assigned to a Master Scheduler. This view option is used when the Servicing Mortgagee wants to assign a Master Scheduler.
<input type="radio"/> <b>View Assigned Inspections</b>	This radio button displays all inspections that are assigned to a Master Scheduler. This view option is used when the Servicing Mortgagee wants to reassign a property to another Master Scheduler.
<input type="text"/> <a href="#">Select Master Scheduler</a>	The <a href="#">Select Master Scheduler</a> link prompts a pop-up window. The window displays all the inspectors selected by the Servicing Mortgagee to work for the organization.  Clicking on a specific <a href="#">Inspector ID</a> link on the pop-up window closes the window and places the inspector ID in the field next to <a href="#">Select Master Scheduler</a> .
<input type="button" value="Submit"/>	Button initiates the action to locate inspection information based on information entered for the query.
<input type="button" value="Reset"/>	Button returns all fields to the original information.
<a href="#">Physical Inspection Main Menu</a>	<a href="#">Physical Inspection Main Menu</a> link returns the Servicing Mortgagee to the <b>Physical Inspection Main Menu</b> screen where other PASS components can be accessed.

## Query Fields

The query fields in the Selection Criteria section are optional. To execute a search, Servicing Mortgagees enter data in all, some, or leave the fields blank to generate a search for inspections.

- The **City** field allows Servicing Mortgagees to search for inspections by a particular city.
- The **State** field allows Servicing Mortgagees to search for inspections by states and territories.

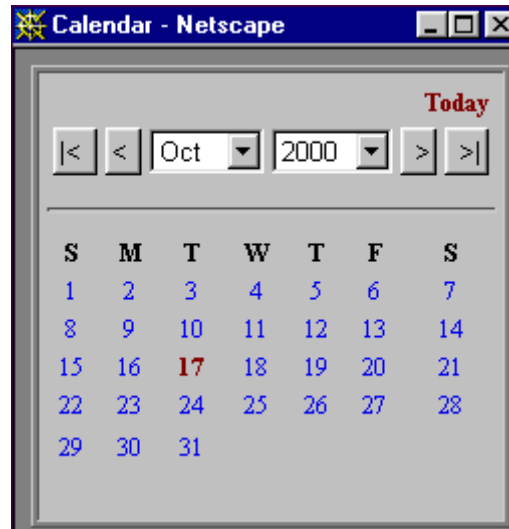

**NOTE:** To select more than one state or territory, hold down the CTRL key while selecting the states.

- The **Zip Code** field allows Servicing Mortgagees to search for inspections by zip code.
- The **Ideal Future Inspection Date** allows Servicing Mortgagees to search for inspections within a range of dates selecting the *Begin* and *End* dates of the time frame, and clicking on the calendar icon.

**To use the calendar box:**

1. Click on the calendar  icon to view the current month in the calendar box. The current date is highlighted.
2. Select a date by:
  - Click on a date (e.g., 17) to select a date in the current month.
  - To move backward or forward by year, click once on the symbols (**|<** or **>|**) per year.
  - To move backward or forward by month, click once on the symbols (**<** or **>**) per month.
  - Servicing Mortgagees can also use the drop-down arrows to select the month and year from the Month and Year menus. The calendar changes once the month and year are selected, then the Servicing Mortgagees click on a specific date within the month.

The calendar box closes once a date is selected, or click on the Close control **X** icon to close the window.

**NOTE:** If a date is only entered in the *Begin* field, the query results will list all ideal future inspection dates equal to or greater than the ideal future inspection date entered.

If a date is only entered in the *End* field, the query results will list all ideal future inspection dates equal to or less than the ideal future inspection date entered.

To generate a search for one ideal future inspection date, enter the same date in the *Begin* and *End* fields.

- The **Inspection Number** field allows the Servicing Mortgagee to search for inspections by a specific inspection number or a range of inspection numbers

**NOTE:** If the inspection number is only entered in the *From* field, the query results will list all inspection numbers equal to or greater than the inspection number entered.

If the inspection number is only entered in the *To* field, the query results will list all inspection numbers equal to or less than the inspection number entered.

To generate a search for one inspection number, enter the inspection number in the *To* and *From* fields.

- The **FHA Number** field allows the Servicing Mortgagee to search for inspections by a specific FHA number.

- The **Property ID** field allows Servicing Mortgagees to search for inspections by a specific property ID or for a range of property IDs by entering the property ID number(s).

**NOTE:** If the Property ID number is only entered in the From field, the query results will list all property ID numbers equal to or greater than the property ID number entered.

If the Property ID number is only entered in the To field, the query results will list all property ID numbers equal to or less than the property ID number entered.

To generate a search for one property, enter the property ID number in the To and From fields.

## Assign Master Scheduler (Unassigned/Assigned Inspections)

Once the **Assign Master Scheduler** query screen is updated and submitted, the **Assign Master Scheduler (Unassigned or Assigned Inspections)** screen displays which contains basic information on the inspections, and the Servicing Mortgagee can assign a Master Scheduler to one or more of the inspections.

Once the Master Scheduler is assigned to an inspection, they are responsible for scheduling the inspection.

Assign Master Scheduler	
Feature	Description
<a href="#">Select Master Scheduler</a> 	<p>Enter the Inspector's ID number in the blank field. If the inspection ID is not known click on the <a href="#">Select Master Scheduler</a> link. This link prompts a pop-up window that displays all the inspectors selected by the Servicing Mortgagee to work for the organization.</p> <p>Clicking on a specific <a href="#">Inspector ID</a> link on the pop-up window closes the window and places the inspector ID in the field next to <a href="#">Select Master Scheduler</a>.</p>
 	<p>Once an Inspector ID number appears in the <i>Select Master Scheduler</i> field, click the Apply All button and all the inspections have the Master Scheduler's ID field updated with that inspector's ID number.</p>
 <i>View: 1 - 25 of 30</i> 	<p>These buttons allow Servicing Mortgagees to view information on the previous screen or next screen. In this example, there are 25 records on the current screen. To display the remaining 5 records click on the Next button. Once records 26-30 display, click on the Prev button to return to records 1-25.</p>
<i>Select No. of Records to Show:</i> 	<p>Sets the number of records displayed at one time. The system automatically displays 25 records at a time. Records display in increments of 25, 50, 75, 100, 200 or 250 on a screen.</p>
<i>Page No:</i> 	<p>The list of unassigned or assigned inspections can be listed on more than one page. To view another page, select a different page number from the drop-down list.</p> <p>For example, if viewing page 5 of 10, and the Servicing Mortgagee selects page 8 from the drop-down list, page 8 displays.</p>
	<p>When a checkbox is selected, the Inspector ID located in the <a href="#">Select Master Scheduler</a> field automatically updates the <i>Master Scheduler ID</i> field for the row selected.</p>
<b>FHA No and Property ID links</b>	<p>Both links allow the Servicing Mortgagee to view or update the <b>Property Information</b> screen for a particular property.</p>
	<p>The ID number of the inspector assigned as the Master Scheduler. The field can be updated by the system using the checkbox or the Apply All button, or by manually entering the inspector ID number of the Master Scheduler.</p>

Assign Master Scheduler	
Feature	Description
	Button either assigns or reassigns a Master Scheduler to a property.
	This button returns all fields to the original information.
<a href="#">Assign Master Scheduler</a>	<a href="#">Assign Master Scheduler</a> link returns the Servicing Mortgagee to the <b>Assign Master Scheduler</b> query screen.
<a href="#">Physical Inspection Main Menu</a>	The <a href="#">Physical Inspection Main Menu</a> link returns the Servicing Mortgagee to the <b>Physical Inspection Main Menu</b> screen where other PASS components can be accessed.

**To assign a Master Scheduler to an inspection:**

1. Enter the Inspector ID number (if known) in [Select Master Scheduler](#)    
the blank field. 

OR

Click on the Select Master Scheduler link if the Inspector ID number is not available. The **Inspector List** displays with a list of selected inspectors.

## Schedule/View Inspections or Portfolio

### Schedule/View Inspections or Portfolio Query Screen

The **Schedule/View Inspections or Portfolio** query screen allows Servicing Mortgagees to search for specific inspection assignments. Servicing Mortgagees can request to update inspection schedules, view inspection reports and the portfolio (property listing) or create text reports using this screen. Searches can be narrowed by entering specified criteria such as *City, State, Zip Code, Inspection Schedule Date Range, Scoring Range, Master Scheduler ID, Inspector ID, Ideal Future Inspection Date, Inspection Number(s), Property ID(s), FHA Number* and *Uninspectable Code*.

## Query Fields

The query fields in the *Function* and *View* sections of the **Schedule/View Inspection or Portfolio** query screen are required. Servicing Mortgagees must select one option in each section. The system automatically displays as the default, Schedule Inspection in the *Function* section and View All Inspections in the *View* section of the screen.

All of the query fields in the Selection Criteria section are optional. To execute a search Servicing Mortgagees can complete all, some, or leave the fields blank. The more information provided in the query search reduces the number of unnecessary results. For example, if 100 inspections need to be scheduled, and specific information is not specified about those inspections, the **Inspections Schedule Report** displays all 100 inspections once submitted. However, if a Servicing Mortgagee only wants to view inspections for the state of Virginia, then select Virginia in the *State* field and the **Inspections Schedule Report** displays only those inspections in Virginia.

- The **Function** section determines what Servicing Mortgagees can do with the inspection information by clicking on one of the appropriate radio buttons. Servicing Mortgagees have three options:
  - *Schedule Inspection* allows Servicing Mortgagees to enter or modify schedule information on the **Inspections Schedule Report**.
  - *View Web Screen Report* allows Servicing Mortgagees to view or print the **Inspections Schedule Report**.
  - *Create Text Report* allows Servicing Mortgagees to download inspection schedule, inspection property, inspection participant and participant role reference information to update and revise on their own computer using Microsoft Word.
- The **View** section allows Servicing Mortgagees to search for scheduled, unscheduled, or all inspections (scheduled and unscheduled) by clicking on the appropriate radio button. In addition Servicing Mortgagees can view property portfolio information by clicking on the view option; *View Portfolio Selection Criteria*.
- The **City** field allows Servicing Mortgagees to search for inspections by a particular city.
- The **State** field allows Servicing Mortgagees to search for inspections by states and territories.

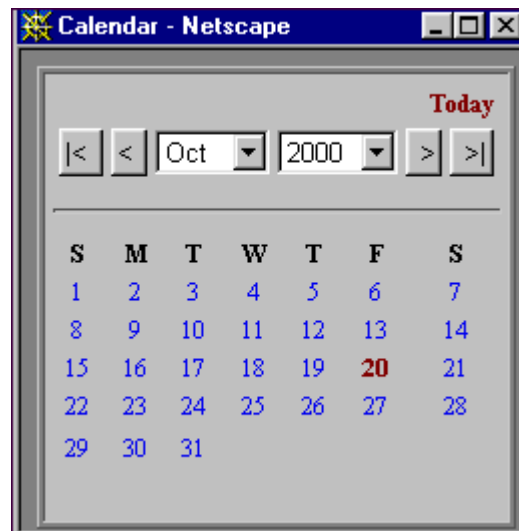

**NOTE:** To select more than one state or territory, hold down the CTRL key while selecting the states.

- The **Zip Code** field allows Servicing Mortgagees to search for inspections by zip code.
- The **Inspection Schedule Date Range** allows the Servicing Mortgagee to perform a search on inspection schedules within a range of dates, selecting the *Begin* and *End* dates of the time frame by clicking on the calendar  icon.

**To use the calendar box:**

1. Click on the calendar  icon to view the current month in the calendar box. The current date is highlighted.
2. Select a date by:
  - Click on a date (e.g., 20) to select a date in the current month.
  - To move backward or forward by year, click once on the symbols (|< or >|) per year.
  - To move backward or forward by month, click once on the symbols (< or >) per month.
  - Servicing Mortgagees can also use the drop-down arrows to select the month and year from the Month and Year menus. The calendar changes once the month and year are selected, then the Servicing Mortgagees click on a specific date within the month.

The calendar box closes once a date is selected, or click on the Close control **X** icon to close the window.

**NOTE:** If a date is only entered in the *Begin* field, the query results will list all inspection schedule date ranges equal to or greater than the inspection schedule date entered.

If a date is only entered in the *End* field, the query results will list all inspection schedule date ranges equal to or less than the inspection schedule date entered.

To generate a search for one inspection schedule date range, enter the same date in the *Begin* and *End* fields.

- The **Scoring Range** field allows Servicing Mortgagees to search for inspections by score(s) of the last released inspection.

**NOTE:** If a score is only entered in the *From* field, the query results will list all scores equal to or greater than the score entered.

If a score is only entered in the *To* field, the query results will list all scores equal to or less than the score entered.

To generate a search for one score, enter the same score in the *From* and *To* fields.

- The **Master Scheduler ID** field allows Servicing Mortgagees to search for inspections by using the Master Scheduler's ID number. Enter the Inspector ID number in the *Master Scheduler ID* field. Servicing Mortgagees can also click on the [Select Master Scheduler](#) link to view a list of all Inspector ID numbers that have been selected to work for the organization. Click on the [Inspector ID](#) link to select a Master Scheduler Inspector. The **Schedule/View Inspections or Portfolio** screen redisplay once an Inspector ID is selected from the **Inspector List**.

**NOTE:** The **Inspector List** contains the Inspector ID numbers of both, Master Schedulers and Independent Inspectors selected to work for the organization. There is no special listing that displays *only* Master Scheduler ID or Independent Inspector ID numbers.

- The **Ideal Future Inspection Date** allows Servicing Mortgagees to search for inspection schedules with the ideal future inspection date, selecting the *Begin* and *End* dates of the time frame by clicking on the calendar  icon.

**To use the calendar box:**

1. Click on the calendar  icon to view the current month in the calendar box. The current date is highlighted.
2. Select a date by:
  - Click on a date (e.g., 20) to select a date in the current month.
  - To move backward or forward by year, click once on the symbols (|< or >|) per year.
  - To move backward or forward by month, click once on the symbols (< or >) per month.
  - Servicing Mortgagees can also use the drop-down arrows to select the month and year from the Month and Year menus. The calendar changes once the month and year are selected, then the Servicing Mortgagees click on a specific date within the month.

The calendar box closes once a date is selected, or click on the Close control **X** icon to close the window.

**NOTE:** If a date is only entered in the *Begin* field, the query results will list all ideal future inspection dates equal to or greater than the ideal future inspection date entered.

If a date is only entered in the *End* field, the query results will list all ideal future inspection dates equal to or less than the ideal future inspection date entered.

To generate a search for one ideal future inspection date, enter the same date in the *Begin* and *End* fields.

- The **Inspection Number** field allows Servicing Mortgagees to search for a specific inspection or for a range of inspections.

**NOTE:** If the inspection number is only entered in the From field, the query results will list all inspection numbers equal to or greater than the inspection number entered.

If the inspection number is only entered in the To field, the query results will list all inspection numbers equal to or less than the inspection number entered.

To generate a search for one inspection number, enter the inspection number in the To and From fields.

- The **Property ID** field allows Servicing Mortgagees to search for inspections by a specific property ID or for a range of property IDs.

**NOTE:** If the Property ID number is only entered in the *From* field, the query results will list all property ID numbers equal to or greater than the property ID number entered.

If the Property ID number is only entered in the *To* field, the query results will list all property ID numbers equal to or less than the property ID number entered.

To generate a search for one property ID number, enter the property ID number in the *To* and *From* fields.

- The **FHA Number** field allows Servicing Mortgagees to search for inspections by a specific FHA number.
- The **Uninspectable Code** field allows the Servicing Mortgagee to search for inspections by an uninspectable code selected from the drop-down menu.

IN Property is inspectable (default)

RU Property is being reported as uninspectable (inspection can still be scheduled)

The following codes` are only assigned by HUD:

VI Property has been verified by HUD as inspectable and is being referred back for inspection (inspection can still be scheduled)

VU Property has been verified as uninspectable (inspection cannot be scheduled). Inspections with the VU code cannot be downloaded to a Data Collection Device (DCD).

Once the *Function*, *View*, and *Selection Criteria* sections are selected, click on the button, and one of the following screens or options displays:

Submit

- **Inspections Schedule Report** (to schedule/reschedule inspections) via the *Schedule Inspection* function
- **Inspections Schedule Report** (to view scheduled/unscheduled inspections) via the *View Web Screen Report* function
- **Text Reports** via the *Create Text Report* function
- **View Portfolio** query screen via the *View Portfolio Selection Criteria* view option

## Inspections Schedule Report Screen

Once the **Schedule/View Inspections or Portfolio** query screen is updated and submitted, the **Inspections Schedule Report** displays which contains basic information on scheduled, unscheduled or both scheduled and unscheduled inspections based on specified criteria. The Servicing Mortgagee schedules or reschedules inspections to any inspector working for that organization.

Those inspectors working for the organization can view properties to which they have been assigned, and can modify their inspection schedules. To ensure the integrity of the data, any modifications to the inspection schedule or property information should be made prior to the download of the inspection.

### Inspections Schedule Report

5 Record(s) Found  
All Inspections

To schedule an inspection, enter the Inspector's ID, Inspection Date and the Local Time.

You can either enter the Inspector ID into each entry field in the grid, in the following entry box and check all records on the grid that you want to put this ID in, or you can simply enter the Inspector ID in the following entry box and check and click "Apply All" to apply to all the records on this page only. You must click "Update" in order to send your changes to the database.

Inspections Schedule Report	
Feature	Description
<b>Insp. Date</b>	Enter the date of the inspection using this format: MM/DD/YYYY (e.g., 02/23/2001).
<b>Local Time</b>	Inspections are scheduled based on the local time between the hours of 7 AM and 3 PM in half-hour increments.
<b>Inspector ID</b>	Enter the ID number of the inspector scheduled to conduct the inspection in this field.  The field can be updated by the system using the checkbox,  button, or by manually entering the inspector ID number.
<b>Uninsp. Code</b>	Provides the applicable code of an inspection if a property is determined to be uninspectable. The code is changed from IN to RU. A pop-up window displays and the Servicing Mortgagee updates the fields with the information that was provided rendering the property uninspectable. The codes are:  <b>IN</b> Property is inspectable (default) <b>RU</b> Property is being reported as uninspectable <b>VI</b> Property has been verified by HUD as inspectable and is being referred back for inspection <b>VU</b> Property has been verified as uninspectable
	Button schedules or reschedules the inspection based on the information entered.
	This button returns all fields to the original information.
<a href="#">Back to Search Page</a>	This link returns the Servicing Mortgagee to the <b>Schedule/View Inspections or Portfolio</b> query screen.
<a href="#">Physical Inspection Main Menu</a>	The <a href="#">Physical Inspection Main Menu</a> link returns the Servicing Mortgagee to the <b>Physical Inspection Main Menu</b> screen where other PASS components can be accessed.

**To schedule or reschedule an inspection schedule:**

1. Click on the  radio button in the *Function* section to view the **Schedule/View Inspections or Portfolio** query screen.
2. Click on a view option in the *View* section of the screen.  
In this example, *View All Inspections* is selected.
3. Enter the search criteria in the appropriate fields, or leave these fields blank.
4. Click on the  button. The **Inspections Schedule Report** displays.

**NOTE:** The complete table may not display on the screen. Use the scroll bars in the table to view all columns and rows.

# Inspections Schedule Report

5 Record(s) Found

All Inspections

To schedule an inspection, enter the Inspector's ID, Inspection Date and the Local Time.

You can either enter the Inspector id into each entry field in the grid, in the following entry box and check all records on the grid that you want to put this ID in, or you can simply enter the Inspector ID in the following entry box and check and click "Apply All" to apply to all the records on this page only. You must click "Update" in order to send your changes to the database.

Update

Reset

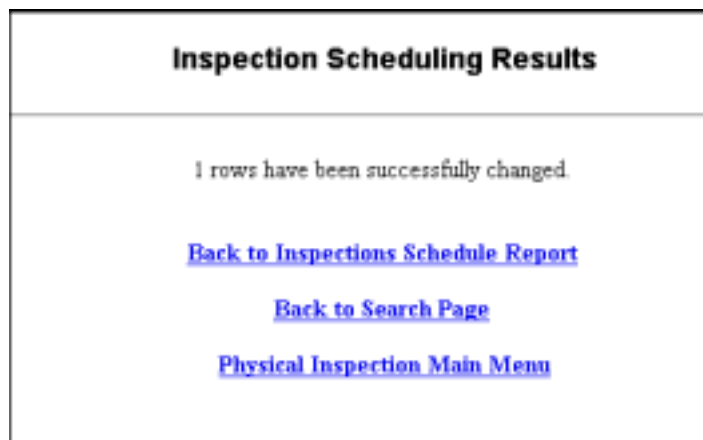

[Back to Search Page](#)

[Physical Inspection Main Menu](#)

The **Inspection Schedule Report** shows basic information for all inspections that match the specified search criteria.

- When the Servicing Mortgagee schedules an inspection the following **three fields must be updated**:
  - *Insp. Date* (Inspection Date) - correct format for the *Insp. Date* field is MM/DD/YYYY
  - *Local Time* - time of the inspection from 7 AM – 3 PM in half-hour increments
  - *Inspector ID* - Inspector ID number

5. Click on the  button. The **Inspection Scheduling Results** screen displays confirming that the update is accepted.

**NOTE:** If an inspector is scheduled for more than two inspections on the same date, a warning message is displayed to inform the Servicing Mortgagee of the scheduling conflict. However the database is still updated with the scheduled inspection. The following is an example of this message:

The **Uninspectable Property Details** screen must be updated if it is determined that the property is uninspectable.

1. Click on the IN code link in the *Uninsp Code* column.

**Inspections Schedule Report**

5 Record(s) Found  
All Inspections

To schedule an inspection, enter the Inspector's ID, Inspection Date and the Local Time.

You can either enter the Inspector ID into each entry field in the grid, in the following entry box and check all records on the grid that you want to put this ID in, or you can simply enter the Inspector ID in the following entry box and check and click "Apply All" to apply to all the records on this page only. You must click "Update" in order to send your changes to the database.

[Physical Inspection Main Menu](#)

6. Highlight the text.

7. Copy the text by depressing the CTRL and C keys, or selecting the copy command in the Edit menu.

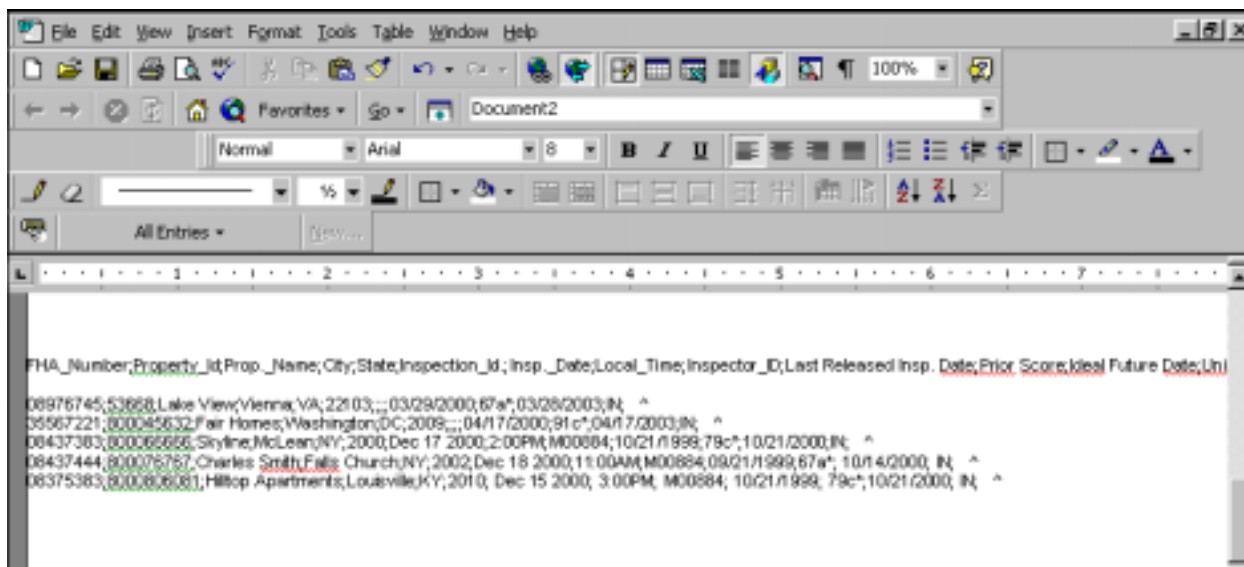

8. Open the Microsoft Word application. A blank Microsoft Word screen displays.

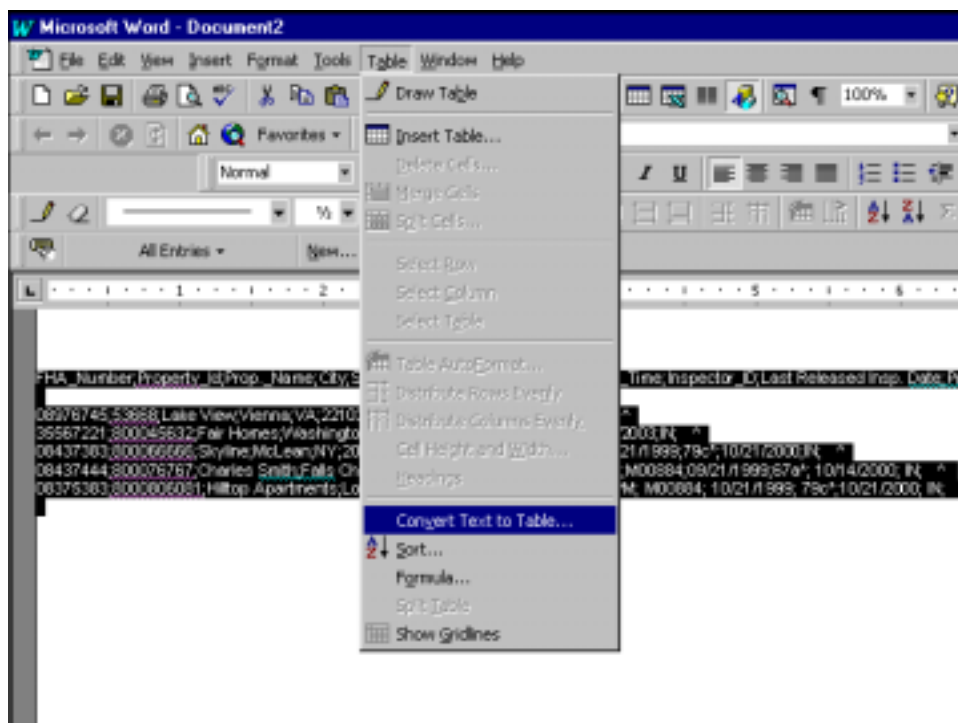

**Note:** To ensure that the information is placed in the Word document properly, take the following steps:

- Click on File, then Page Setup
- Click on the Margin tab, change the Top, Bottom, Left, and Right margins to 0
- Click on the Paper Size tab and change the Orientation to Landscape
- Click on the  button.
- Change the font style to Arial, the font size to 8.

9. Paste the highlighted text into the screen by depressing the CTRL and V keys or select the Paste command in the Edit menu.

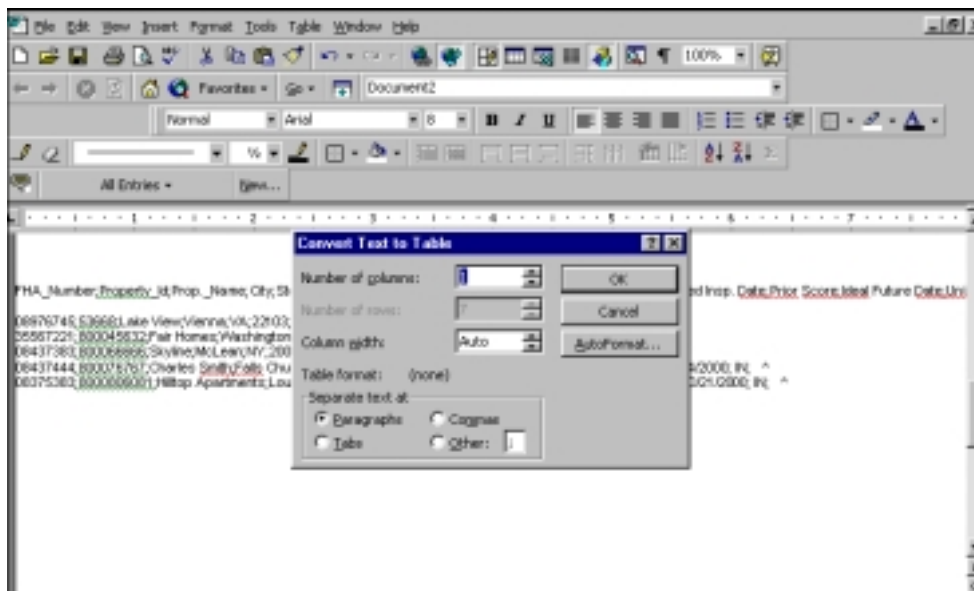

10. Highlight all of your text using your mouse, then click on Table in the Menu Bar and select Convert Text to Table.

The Convert Text to Table window displays.

11. Enter 14 in the Number of Columns field, click on the Other (semicolon ;) radio button to separate text, then click on the **OK** button.

The data is formatted into a table. Update the inspection schedule information as needed.

		Apartments							

After the data has been updated, convert the table back to text.

12. Click on a column within the table.
13. Click on Table in the Menu Bar and click Select Table.
14. Click on the Table in the Menu Bar and select Convert Table to Text.

15. Click on the Other radio button (semicolon) and click on the  button.

16. Save the file as a text file to later use for the bulk upload process. The file must have a .txt extension.

**NOTE:** Whenever a Word document is saved as a .txt file, a blank row is placed after the last row of data. This blank row must be removed from the txt file before it is used in the Bulk Upload process. Complete steps 17 – 23 to remove the blank row.

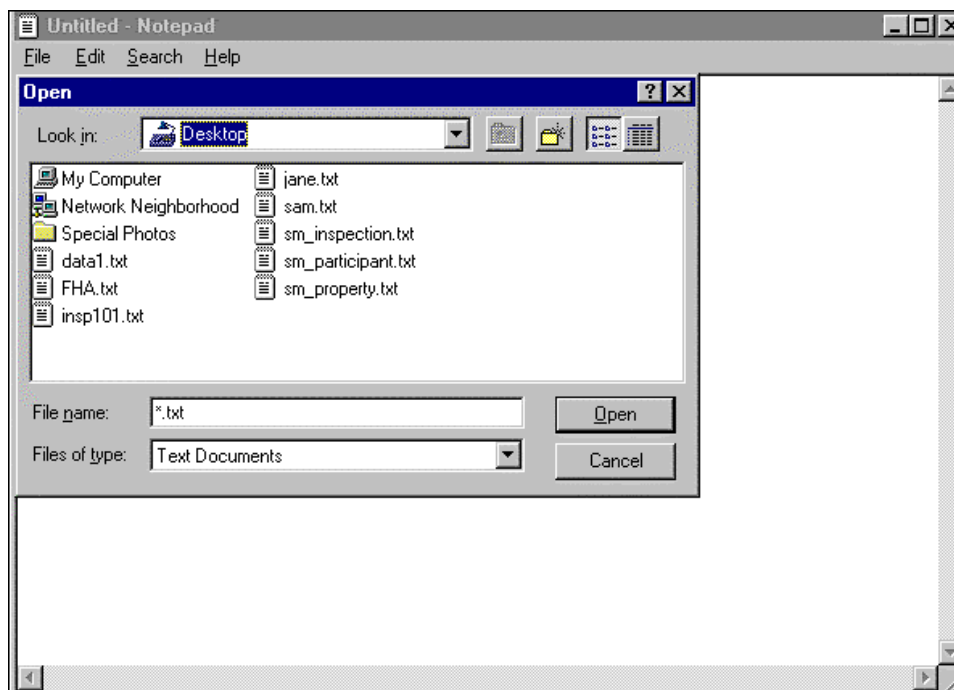

17. Click on the Start button on your desktop. Select Programs, then Accessories and finally Notepad. The **Untitled – Notepad** screen displays.

18. Click on File in the toolbar menu and select Open.

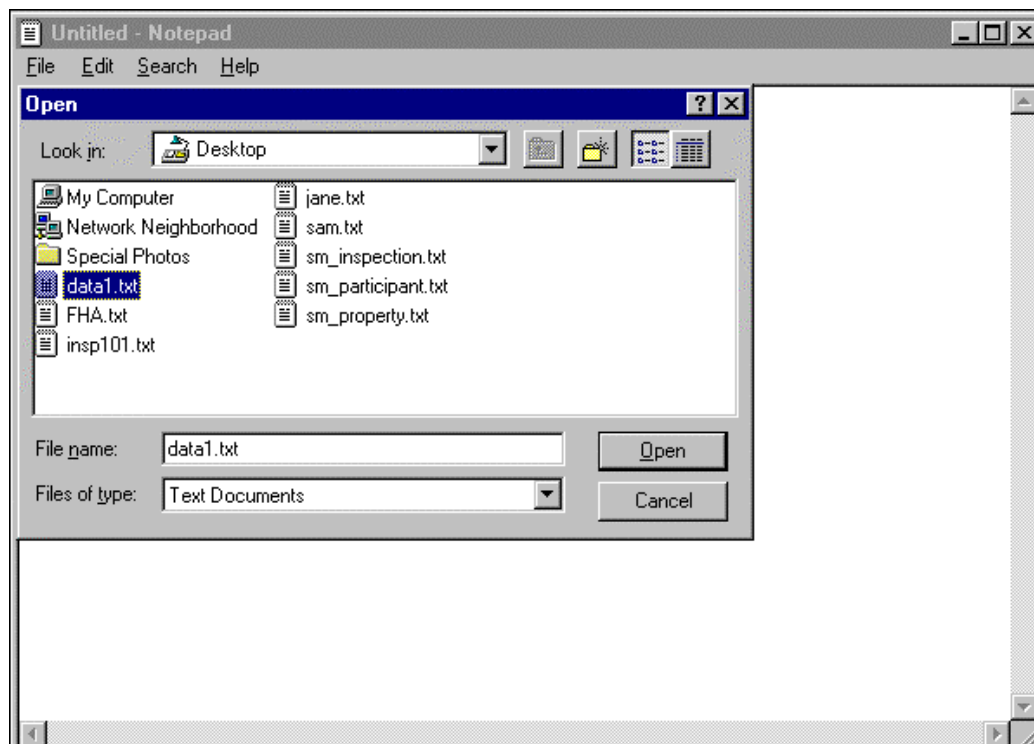

The **Open** window displays.

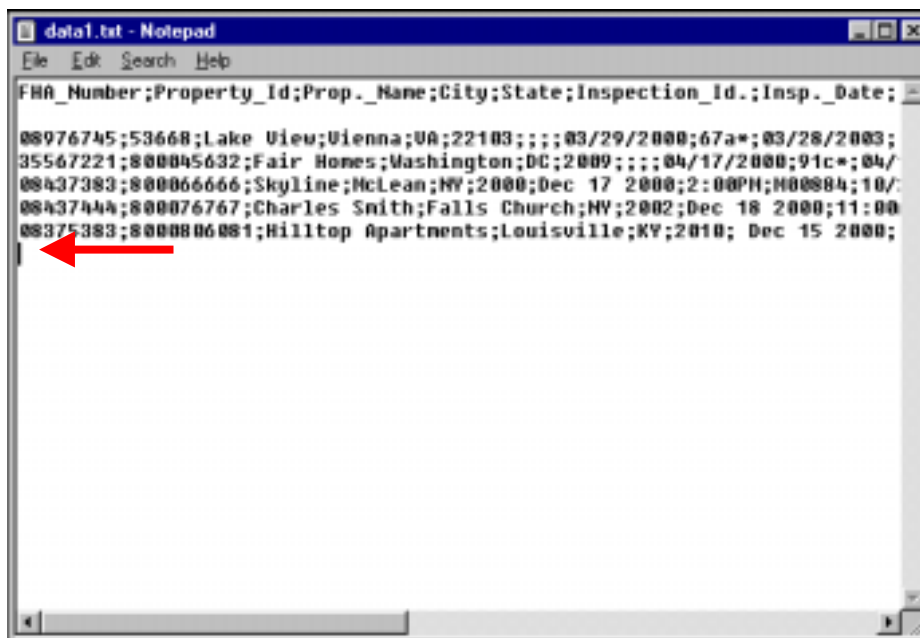

19. Click on the *Look in:* drop-down arrow and select the location where the txt file is stored. Once located, click twice on the file and the File Name field is updated with the name of the .txt file. Click on the Open button.

The txt file displays in Notepad.

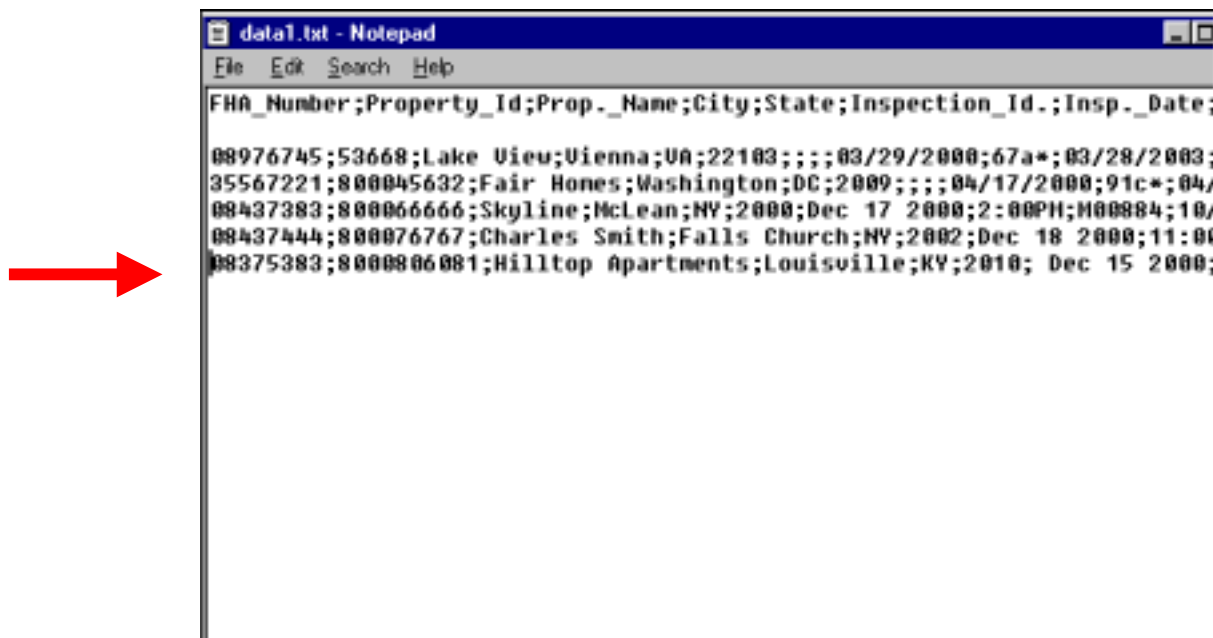

**NOTE:** Notice the blank row after the last row of data.

20. Move your cursor to the end of the last row and click on the Delete button.

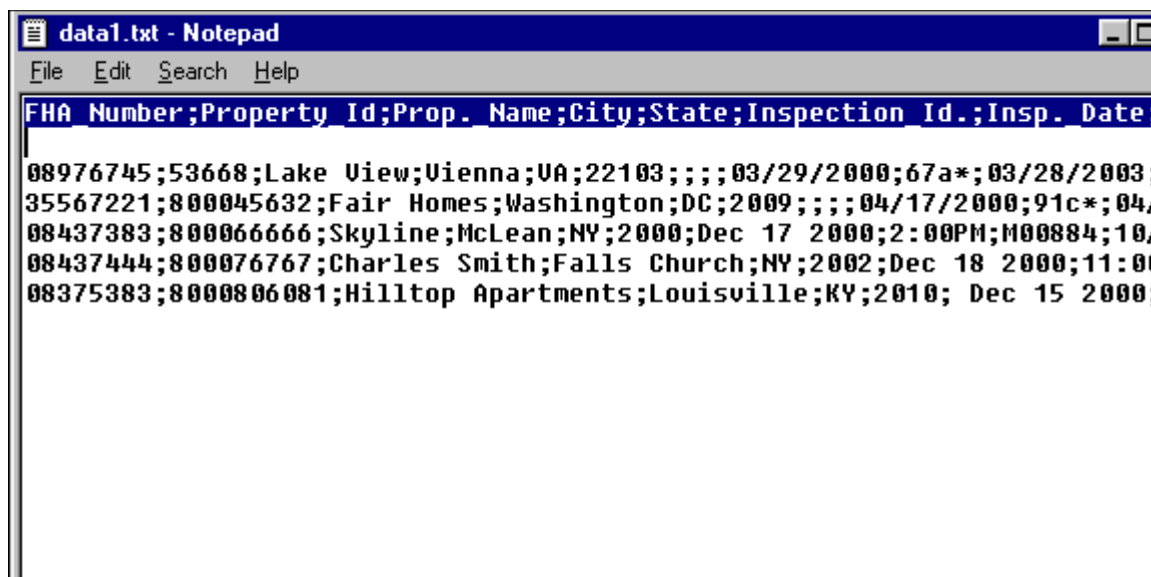

21. Move your cursor (using the scroll bar) back to left. The cursor cannot move below the last row of data because the blank row has been deleted.

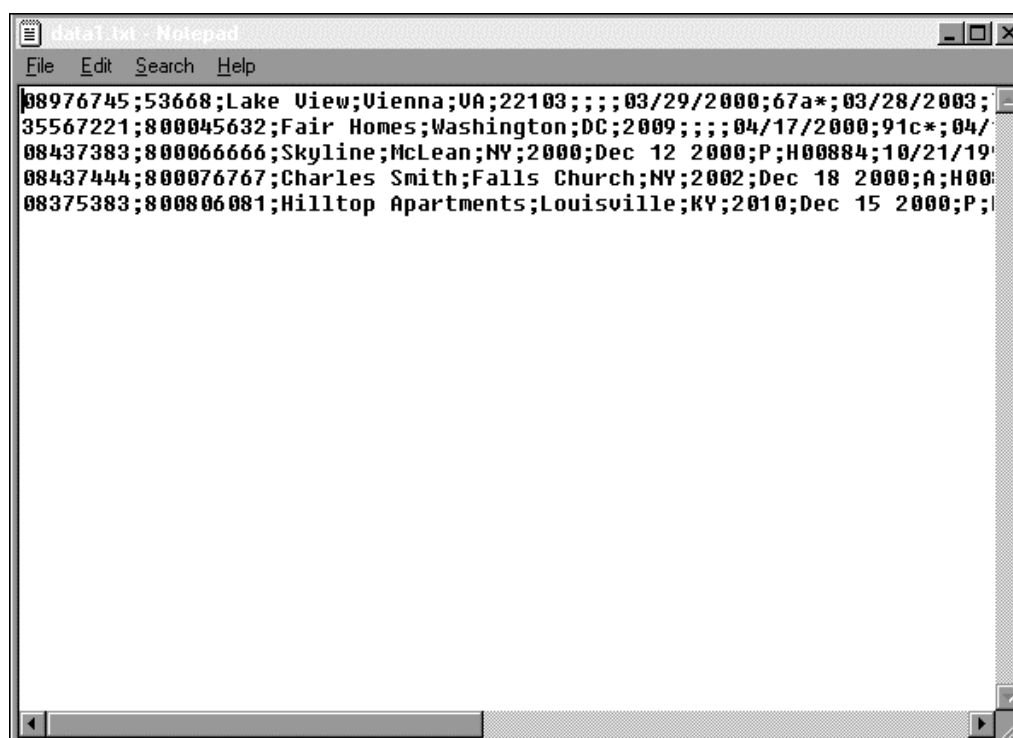

**NOTE:** Before this text file can be used in the Bulk Upload Process the row with column titles (FHA Number, Property ID, etc.) and the blank row must be deleted.

22. Highlight and delete the first two rows of the Notepad.

The screen re-displays and the two rows are deleted.

23. Save the file as a txt file.

**NOTE:** The file is now ready for the Bulk Upload Process.

## View Portfolio Selection Criteria

Servicing Mortgagees can view a list of their properties by selecting the *View Portfolio Selection Criteria* view option located on the **Schedule/View Inspections or Portfolio** query screen. Once the *View Portfolio Selection Criteria* option is selected, the **View Portfolio Query** screen displays. The Servicing Mortgagee can limit the number of properties displayed by entering information in the Selection Criteria section of the screen.

**View Portfolio Query**

Special features of the View Portfolio query screen	
Feature	Description
	This button initiates the action to locate portfolios based on information entered for the query.
	This button returns all fields to the original information.
<a href="#">Physical Inspection Main Menu</a>	The <a href="#">Physical Inspection Main Menu</a> link returns the Servicing Mortgagee to the <b>Physical Inspection Main Menu</b> screen where other PASS components can be accessed.

## Query Fields

All the query fields in the Selection Criteria section are optional. To execute a search Servicing Mortgagees can complete all, some, or leave the fields blank. The more information provided in the query search reduces the number of unnecessary results. For example, if 25 properties are in the portfolio, and no specific information about those properties is entered, the **View Portfolio** screen displays all 25 properties once submitted. However if an Servicing Mortgagee prefers to view only properties for the state of Virginia, they select Virginia in the *State* field and the **View Portfolio** screen displays only those properties for Virginia.

- The **Function** section determines what Servicing Mortgagees can do with the portfolio information by clicking on the appropriate radio button. Servicing Mortgagees have two options:
  - *View Web Screen Report* allows Servicing Mortgagees to view or print the **View Portfolio** screen
  - *Create Text Report* allows Servicing Mortgagees to download portfolio information

Clicking on any of the **View** options return the Servicing Mortgagee to the **Schedule/View Inspections or Portfolio** query screen.

- The **City** field allows Servicing Mortgagees to search for inspections by a particular city.

- The **State** field allows Servicing Mortgagees to search for inspections by states and territories using the drop-down list.
- The **Zip Code** field allows Servicing Mortgagees to search for inspections by postal zip code.
- The **Scoring Range** field allows Servicing Mortgagees to search by score(s) of the last released inspection.

**NOTE:** If a score is only entered in the *From* field, the query results will list all scores equal to or greater than the score entered.

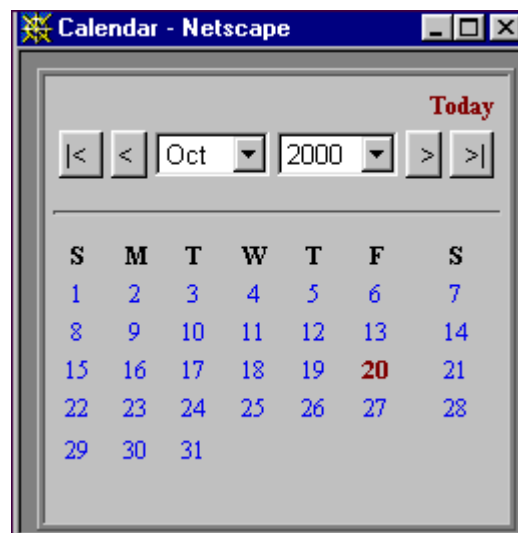

If a score is only entered in the *To* field, the query results will list all scores equal to or less than the score entered.

To generate a search for only one score, enter the same score in the *From* and *To* fields.

- The **Ideal Future Inspection Date** allows Servicing Mortgagees to search for inspection schedules with the ideal future inspection date, selecting the *Begin* and *End* dates of the time frame by clicking on the calendar  icon.

#### To use the calendar box:

1. Click on the  icon to view the current month in the calendar box. The current date is highlighted.
2. Select a date by:
  - Click on a date (e.g., 09) to select a date in the current month.
  - To move backward or forward by year, click once on the symbols (**|<** or **>|**) per year.
  - To move backward or forward by month, click once on the symbols (**<** or **>**) per month.
  - Users can also use the drop-down arrows to select the month and year from the Month and Year menus. The calendar changes once the month and year are selected, then the Servicing Mortgagees click on a specific date within the month.

The calendar box closes once a date is selected, or click on the Close control **X** icon to close the window.

**NOTE:** If a date is only entered in the *Begin* field, the query results will list all ideal future inspection dates equal to or greater than the ideal future inspection date entered.

If a date is only entered in the *End* field, the query results will list all ideal future inspection dates equal to or less than the ideal future inspection date entered.

To generate a search for one ideal future inspection date, enter the same date in the *Begin* and *End* fields.

- The **FHA Number** field allows Servicing Mortgagees to search for inspections by a specific FHA number.

Once the query is generated, the results of the query are displayed on the **View Portfolio** screen. From this screen, the Servicing Mortgagee can access the **Property Information** screen where additional information about the individual property can be viewed or revised. In addition, the Servicing Mortgagee can access prior **Inspection Summary Reports** or **Investor Reports** from the **Property Information** screen.

<a href="#">Physical Inspection Main Menu</a>						

- b. Click on the View Report link of the property to be reviewed, and the Inspection Summary Report displays in a PDF format. See Appendix A for an example of an Inspection Summary Report.

**OR**

- c. Click on the View Report link of the property to be reviewed, and the Investors Report displays in a PDF format. See Appendix B for an example of the Investor Report.

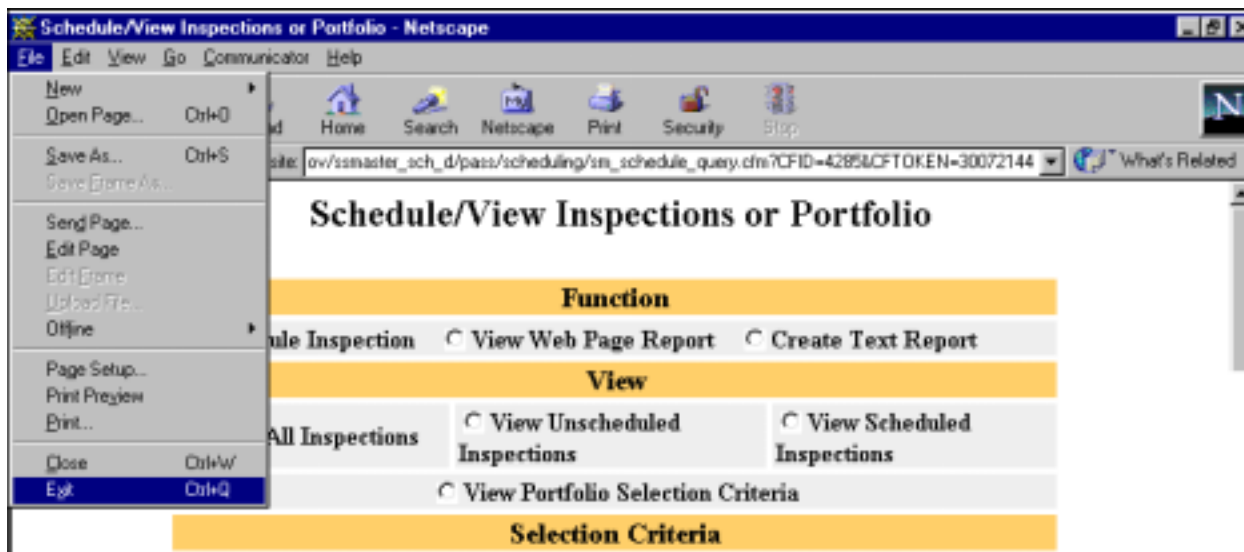

**To close the PDF:**

- d. Click File on the Menu bar and select Exit to close the PDF and return to the **Prior Inspection Information** screen.
- e. Click on the Property Information link to return to the **Property Information** screen or click on the Physical Inspection Main Menu link return to **Physical Inspection Main Menu** screen and continue working.

## Exiting Scheduling

Servicing Mortgagees can exit Servicing Mortgagee Scheduling at any time. To exit the system, click on the Menu bar of the browser and select *File* and *Close* or click on the Close control **X** located at the top right of the screen.

## Bulk Upload Option

---

The Bulk File Upload option allows the Servicing Mortgagee to upload inspection schedule, inspection property, and inspection participant data to the Scheduling database. The data must be saved as a text file, with a “.txt” extension.

In addition, the data must be in the correct order with each entry separated by semicolons.

The correct order for inspection schedule information is:

- FHA Number - FHA identification number
- Property Id - Property identification number
- Property Name - Property name to be inspected
- City - City where the property of the inspection is located
- State - State where the property of the inspection is located
- Inspection ID - Inspection identification number
- Inspection Date - Inspection date (mm/dd/yyyy)
- Local Time - Time of the inspection in half hour increments from 7 AM to 3 PM
- Inspector Id - Inspector identification number
- Last Released Insp. Date - Date of the last released inspection
- Prior Score - Score of the last inspection of that property
- Ideal Future Date - Theoretical future date based on the score
- Uninspectable Code - Code that identifies inspectable and uninspectable inspections

The following is an example of a bulk upload data file for inspection schedule information:

```
643OH001;800001017;The Torains;Karry;OH;51001;May 5 1999; 7:30AM;M29999;04/05/1999;82;04/05/2001;IN; ^
643VA002;800020029;The Oaks;Warrenton;VA;51002;May 5 1999;9:00AM;M29550;05/05/1999;35;5/05/2000;IN; ^
543VA003;800300056;Woodtap;Richmond;VA;51003;May 5 1999;1:30PM;M29313;05/05/1999;50;05/05/1999;IN; ^
741CA001;804000084;The Sandal;Berkley;CA;51004;May 5 1999;2:00PM;M39513;05/05/1999;90;05/05/2002;IN; ^
695CA002;800000186;The Commons;San Polo;CA;51005;May 5 1999;P;M29777;05/05/1999;65;05/05/2001;IN; ^
```

The correct order for Inspection Property Information:

- FHA Number - FHA number
- Inspection Id - Inspection number
- Property Id - Property identification number
- Property Name - Property name to be inspected
- Building Total - Total number of buildings for the property
- Dwelling Total - Total number of dwelling units for the property
- Organization Id - Organization identification number
- Street Line 1 - Street address line 1 for the property
- Street Line 2 - Street address line 2 for the property
- City Name - Name of the city for the property
- State Code - State code for the property

- Zip5 - Five digit of the zip code for the property
- Zip4 - Four digit of the zip code for the property
- Building Number - Number to identify the building for the property.
- Role Name - Name of the participant for the property
- Phone Number - Telephone number of the property
- Fax Phone Number - Fax number of the property
- Phone Extension - Telephone number extension for the property
- Email Address - Email address for the property
- Program Type - Type of the financial programs of the property
- Scattered Ind - An indicator if the property has scattered sites

The following is an example of a bulk upload data file for inspection property information:

```
99998;1803564968;Granna Apartments;3;18;C-OPC-31451;5;96;Street  
4;;Washington;VA;20001;4004;0;Management Agent;2025155555;2025651562;5211;tmail@hotmail.com;;;N*  
99999;1803564969;Redlight House;1;5;C-OPC-22220;4;96;Markam St;;Washington;VA;20001;4004;0;Management  
Agent;2023334533;2023333333;2222;redlight@aol.com;;;N*
```

The correct order for Inspection Participant information:

- Inspection Id - Inspection number
- Role Id - Identifier to identify different participants
- Participant Id - Participant identification number
- Organization Name - Name of the organization
- Last Name - Last name of the participant
- First Name - First name of the participant
- Middle Name - Middle initial of the participant

The following is an example of a bulk upload data file for inspection participant information:

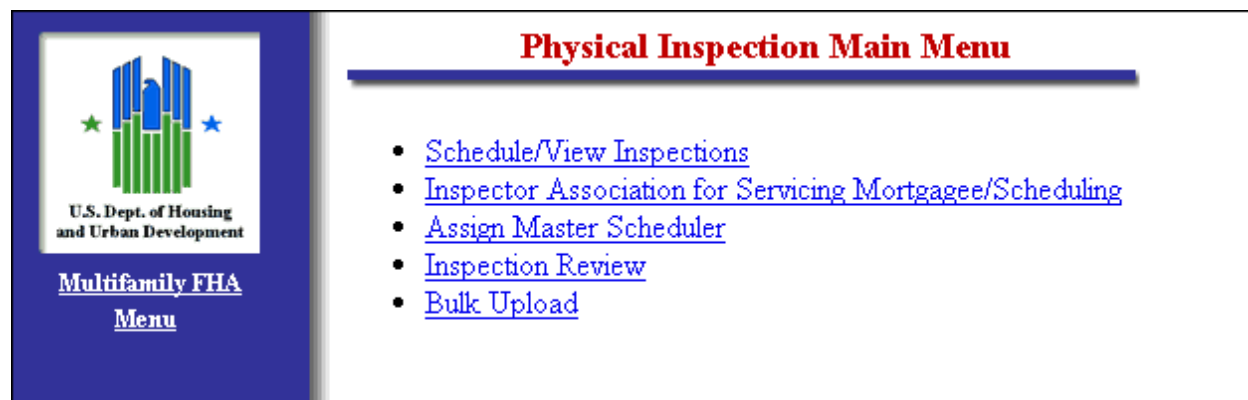

```
99997;0;12345;Doe;John;M;*  
99998;1;12346;Doe;David;F;*  
99999;2;12347;Doe;Mike;H;*
```

### Helpful Hints

- There must be a caret (^) at the end of each row to ensure the Schedule Inspection data is properly updated.
- There must be an asterisk (\*) at the end of each row to ensure the Inspection Property and Inspection Participant data is properly updated. There cannot be an asterisk (\*) within the row of data, only at the end of the row.
- If a field contains a semicolon, example (Woodside Villa; Inc), the semicolon must be deleted from the field.
- When a Word document is saved as a .txt file, a blank row is inserted at the end of the .txt file. The blank row must be deleted before the data is loaded to the Database to prevent an error.

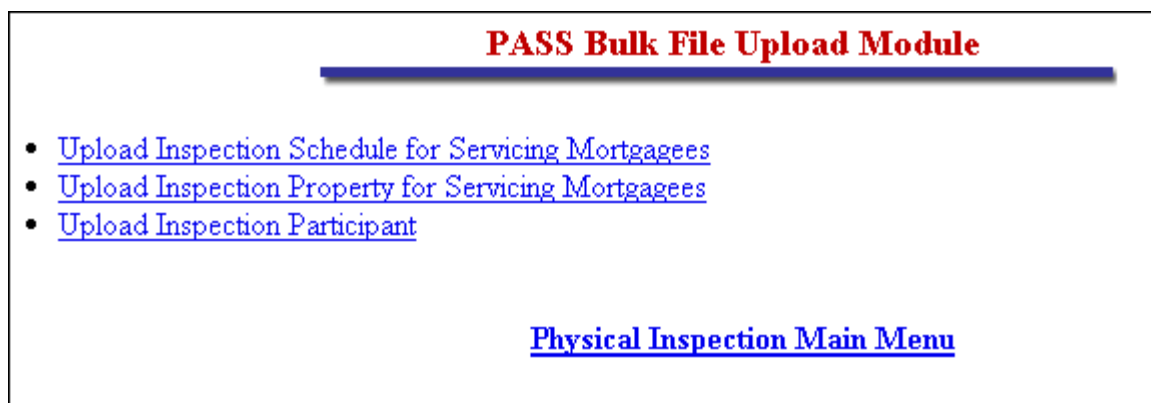

***To access the Bulk Upload function:***

1. Click on the Bulk Upload link from the **Physical Inspection Main Menu** screen.

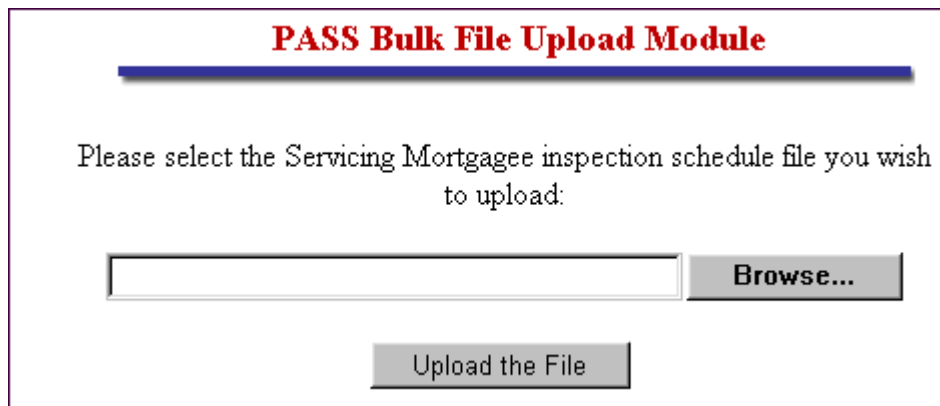

The **PASS Bulk File Upload Module** screen displays:

2. Select the link to upload, Upload Inspection Schedule for Servicing Mortgagees.

The **PASS Bulk File Upload Module** screen displays.

- Click on the **Browse...** button to locate the file to upload. The **File Upload** dialogue box opens.

**NOTE:** If the pathname is known, enter the pathname in the File name field.

- Locate and select the file.

**NOTE:** The file must have a .TXT extension.

- Click on the Open button to close the dialogue box. The **PASS Bulk File Upload Module** screen displays.

**PASS Bulk File Upload Module**

Please select the Servicing Mortgagee inspection schedule file you wish to upload:

**Browse...**

**Upload the File**

**NOTE:** The name of the file appears in the field next to the **Browse...** button.

- Click on the **Upload the File** button.

If the data uploads successfully, a message displays indicating the number of data rows successfully loaded into the database.

If the data does not upload successfully, a messages displays indicating the row(s) of data with errors and the type of errors. The errors must be corrected before the file can be re-uploaded. After the errors on the text file are corrected, repeat steps 1 – 6 of the bulk upload process.

7. Click on the [Physical Inspection Main Menu](#) link to return to the **Physical Inspection Main Menu** screen.

## Browser Basics

---

### ***Software and Hardware Requirements***

The electronic scheduling of physical inspections using PASS Servicing Mortgagee Scheduling software requires computer resources and an Internet browser. The optimum software and hardware resources are recommended for efficiency, although users can operate with the minimum required resources.

#### **Optimum Hardware Resources**

Processor: Pentium I00  
RAM: 16 MB  
Modem: 28.8  
Video card: 256k  
Download file size: 5.8MB  
Installed file size: 10MB

#### **Optimum Software Resources**

Windows 95  
Netscape\* 3.5 or HTML-compliant browser application  
Adobe# Acrobat Reader 4.05

**NOTE:** Users can download Netscape\* 3.5 or higher (32-bit) from the Internet. The procedures to download Netscape\* can be found at <http://home.netscape.com/download>.

#### **Minimum Hardware Resources**

Processor: 486  
RAM: 8 MB  
Modem: 14.4 kb  
Video card: 256k  
Download file size: 5.5MB  
Installed file size: 10MB

#### **Minimum Software Resources**

Windows 3.1  
Netscape\* 3.5 or HTML-compliant browser application  
Adobe# Acrobat Reader 4.05

\*Copyright© Netscape Communications Corporation.

#Copyright© Adobe Systems Incorporated.

All rights reserved. Protected by the copyright laws of the United States and international treaties.

## Internet Basics

The Internet is a worldwide system of computer networks facilitating access to information and people. Using the Internet to access and use HUD secure systems requires an Internet connection and a computer with a modem and Netscape 4.7 or an HTML-compliant browser application. A browser allows access to web pages on the World Wide Web (WWW or the Web). The Web is a universally accepted standard for sharing information on the Internet. The Web consists of information organized into pages stored in computers physically located throughout the world.

### Web Page

A web page is a document or application with a unique address on the Web, possibly including links to other pages. The **Yahoo!**\* main page is shown below as an example.

\*Copyright© Yahoo! Inc. All rights reserved. Protected by the copyright laws of the United States and international treaties.

### Title Bar

The title bar at the top of the page displays the title of the document or application of the Web page that is active or currently displayed. When more than one window is open, the title bar of the active window is bold; the other open title bars appear faded.

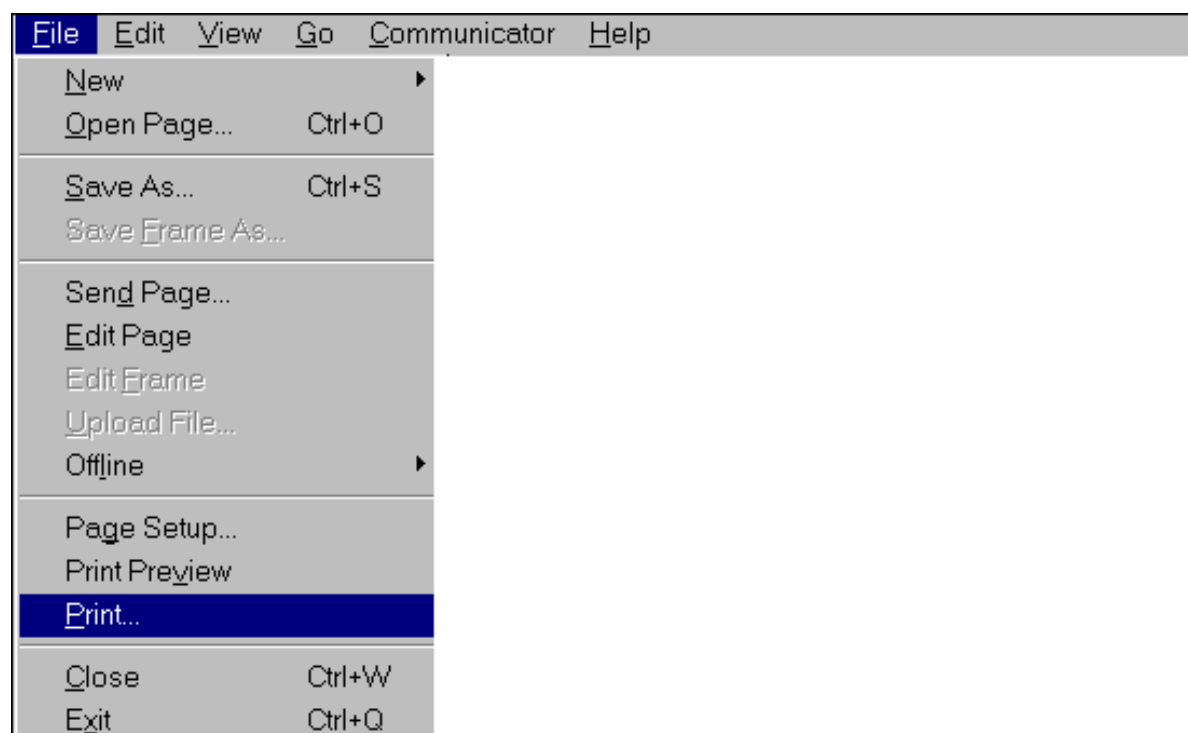

## Control Icons

In the right corner of the title bar, there are three control icons. With a mouse click, the Minimize  icon reduces or minimizes the window to the bottom of the page. To enlarge the window back to full size, click on the appropriately titled box at the bottom of the page. The Minimize/Maximize  icon reduces the window to a smaller size, allowing the user to view other open windows or the desktop. To enlarge the window back to full size, click on  again.

The last control icon is the Close  icon. Clicking on this control icon closes the browser application (and the document or application open within the browser) and returns the user to the desktop.

## Menu Bar

The menu bar provides drop-down menus for browser functions. By placing the cursor over a menu item and clicking on it with a left mouse button, the drop-down menu appears. Highlight the appropriate menu function with the cursor to make a selection.

Available menu functions are text items in bold. Menu functions that are not available appear faded and cannot be activated.

## ***Tool Bar***

The tool bar consists of buttons representing browser functions.

Available functions are buttons with bold text and graphics. A tool bar button appears faded if the function is not available.

## ***Location Identifier***

The unique location of the Web document or application is called the Uniform Resource Locator (URL). The URL is used to find a particular Web page among all the computers on the Internet. Enter the desired URL in the *Location* field and press the Enter key.

**NOTE:** The field is labeled “Location” for an Internet site. It is labeled “Netsite” for an intranet (internal/within the organization) site.

## ***Status***

The Netscape browser indicates the status of the action being performed. If the browser is performing an action (for example, searching a database for information): the Netscape logo to the right of the URL address appears to have comets flying across it, the Stop sign on the tool bar is bold and red, and the status indicator line at the bottom of the page (next to the lock icon) describes the status (for example, “Connect . . . Waiting for reply”). Upon completion of the action, the logo returns to its static state, the Stop tool appears faded, and the status indicator line reads “Document: Done.”

**NOTE:** The lock indicates whether the Web page is secure or not. Some Web pages can be secured or blocked from other Internet users if the page contains sensitive information, such as financial or housing information. If the lock is closed, the page is secure. If the lock is open, it is not a secure Web page.

## ***Links***

A link provides a method to move quickly from the current page to another Web page. Links are typically underlined, although they do not have to be. Click on a particular link, and it moves the user to that particular page. Once the link is accessed, it typically changes color to indicate the user has already accessed it once before.

## Bookmarks

The Bookmarks function is a browser tool that provides the user with quick access to a Web page. Once a Web page's title and location is marked as a bookmark in the browser, the user does not have to remember and type in the URL or go through a series of links to access that page.

To bookmark the currently displayed Web page, click on Bookmarks to the left of the *Location* field for the drop-down options. Click on the Add Bookmark option to mark the page. The Web page location is added.

**NOTE:** The browser in this example is Netscape. Display may vary according to the browser.

All bookmark(s) appear in list form under the Bookmarks option. Clicking on a bookmark in that list takes the user directly to that page.

## ***REAC Technical Service Support***

The Servicing Mortgagee can contact staff in the Physical Inspection Operations area within REAC for assistance Monday through Friday from 8:00 A.M. to 5:30 P.M.

### **REAC Technical Service Phone Number**

1-877-406-9220

## ***Technical Assistance Center***

Users can contact the REAC Technical Assistance Center with any questions or problems Monday through Friday 7 a.m. to 8:30 p.m., Eastern Standard Time. The REAC Technical Assistance Center can be contacted by telephone or email.

### **REAC Technical Assistance Center Phone Number**

1-888-245-4860
